J. W. SAUNDERS, )	Selectmen
ALBRO WELLS, )	of
E. T. HUTCHINS, )	Bristol.

We hereby certify that we have this day examined the accounts of the selectmen of Bristol for the year ending Feb. 15, 1903, and find the same correct to our best knowledge and belief.

WM. C. WHITE, }  
JOHN R. CONNOR, } Auditors.

#### RECOMMENDATION

The selectmen would recommend that the town raise two thousand dollars to defray town charges, and that all appropriations be paid out of this sum. They would also recommend that the sum of one-half of one per cent. be raised for highways and bridges.

J. W. SAUNDERS, }  
ALBRO WELLS, } Selectmen.

## MINOT-SLEEPER LIBRARY

---

The trustees of the Minot-Sleeper Library congratulate the citizens of Bristol upon another prosperous year for the Library. For several years the necessity for a new classification and card catalogue of the books has been felt. If the card catalogue could have been commenced at the outset, the annual expense of the same would have been small. It was thought unwise to delay the matter longer and the services of Miss Laura M. Bragg were secured. By her efficient and excellent work, for about a month, the classification was largely completed, and books of the same class, or relating to the same subject, were brought together upon the shelves. The work of completing the classification and making the card catalogue has been continued by Miss Berry, the librarian, and by Miss Grace M. Dearborn, and it is expected will be completed in the near future, after which it will only be necessary to add a few cards each year as new books are added.

The librarian will be happy to explain the classification to any patron of the library.

The furnace purchased last year is much superior to the old one and has easily kept the library room warm and comfortable.

About 175 new books have been added to the circulation during the year.

The general classification of the books now on the shelves is as follows :

Religion 100, Biography 323, History 438, Travel 358, Natural History 116, Fiction 1,850, Poetry and Drama 110, English and American Literature 104, Magazines 388, and Science, Oratory, Wit and Humor, Fairy Tales, Music, Art, 491, making a total of 4,278 in circulation with 1,779 reference books and pamphlets; in all 6,057.

During the year, Mrs. Ruth Pray, widow of the late E. K. Pray, very generously gave the Library her large and fine collection of stuffed birds and animals, which have been placed in substantial glass cases under the direction of Messrs. Fling, White, and Whipple. The services of Miss Addie M. Drake have been secured in making a classification and catalogue of the same.

The magazine department has been well patronized. During the interim of the non-payment of dividends by the stock constituting the Minnie Maria Day-Jackman fund, Mr. C. L. Jackman has generously supplied the necessary funds for the purchase of the same. This department deserves still larger patronage by both young and old. All are not only welcome to the reading room but urged to improve the opportunity it affords. The list of magazines for the current year is as follows: Harper's Monthly, Harper's Weekly, Atlantic Monthly, Cosmopolitan, Munsey's, Scribner's, New England, McClure's, Outing, St. Nicholas, Popular Science, Century, Art Interchange, Review of Reviews, North American Review, Granite Monthly, Youth's Companion, Leslie's Weekly, Puck, Judge, and the National.

At the recent annual election the following officers of the Library were chosen: Chairman, Richard W. Musgrove; secretary, Channing Bishop; treasurer, George H. Calley; executive committee, Ira A. Chase, George H.

Calley, Marshall W. White; librarian, Miss Emma Pratt Berry.

Thanking the citizens of Bristol for their generous and loyal support in the past, we bespeak the same for the future, believing that the Library has proven itself to be a great moral and mental educator and has and will exert a deep and wide influence in molding the thought and character of the community, especially of the younger portion thereof.

Respectfully submitted,

# SCHOOL REPORT

UNION SCHOOL DISTRICT NO. 2

---

The first two terms of the past year were marked by excellent attendance and consequent advancement in all of the grades ; but the winter term was greatly broken by two epidemics which reduced the attendance lower than for several years. Two changes of teachers have been made necessary by the resignation of Miss Enid H. Adams, teacher of sixth grades, and Miss Mabel Lane, of the primary and first grade ; their places were filled by Miss Maude L. Parker, of the Concord Training School, and Miss Alice P. Sargent, a graduate of the State Normal school, respectively ; both teachers are peculiarly adapted for their work and much has been accomplished in each of the grades, great credit is due all of the teachers for their interest and conscientious efforts, their duties are performed with the utmost faithfulness and devotion.

It is very gratifying to know that the pupils in all of the grades are doing the same work along the same lines as in the best school in Massachusetts of corresponding grades and ages ; we feel sure that all of the pupils are doing the best and greatest amount of work each day that he or she are mentally able to do. If pupils are absent day after day, parents cannot expect them to be advanced with others who attend constantly ; greater care should be exercised in the regularity of attendance. A child's mind

cannot be over worked or crowded any more than their bodies; pushing a child beyond a certain limit is impossible without serious results; give the children *more* time for their childhood and development.

A pleasing improvement has been made in the reading during the year, a leading educator of Boston in an address at a recent summer school spoke regretfully of the *great* numbers of poor readers in New England and gave as a reason "that too hard text books were used"; this suggestion has been acted upon and the results prove the wisdom of the remedy.

All of our text books are in good condition; credit is due both teacher and pupils alike for the good usage and care they receive. Drawing is receiving special attention and much improvement has been made; the original designs in wall paper and book covers are especially worthy of comment, also the illustrated work in water colors.

Needed repairs have been made during the year; the water pipe leading from the school building to the main pipe on School street has been repaired, the necessity of this being done has been pending for some time owing to the collection of rust in the pipe, but, this fall it became imperative as the supply threatened to be wholly cut off this was done in a very thorough manner so it will last for many years; the walls should be whitened in all of the building and blackboards repaired the coming year; the sanitary conditions and means of ventilation do not improve with age.

Records of visits by parents are not complimentary to the welfare or interest in the pupils or teachers; we are fearful that those who should be the most deeply con-

cerned, have a very vague knowledge of the true condition of our schools; surely, it is of the most vital importance to you, parents; you are paying for these conditions in other and greater ways than *financial*.

In behalf of the School Board.

IDA A. WEYMOUTH, Supt.

## REPORT OF SCHOOL BOARD.

---

Good work has been accomplished the past year by those who have attended school regularly. We have endeavored to secure the services of experienced teachers having the ability and desire to impart the instruction most needed by their pupils. We regret to say that during the past year, as in former years, irregularity of attendance is still a prominent evil in some of our schools, and judging by the visitors' names in the registers, a lack of interest in some of the districts on the part of the parents.

Will parents please ask themselves these questions: Am I doing all I can for the school? Am I working for the best good of my children mentally? Have I assisted the teacher by urging my children to comply with her requests? Have I visited the schools as I ought? An hour or two each term cannot be more profitably spent than with your children in the schoolroom, and then you encourage both child and teacher. We find every term there are more or less children who leave school for some trifling cause, and are often sustained by their parents. Would it not be better for the child if the parents would uphold the teacher, and discourage the habit of fault finding rather than listen to the gossip of the child? Nothing but illness should keep pupils from school while it is in session, and it is their business to be there, and to be in season. This part of their life's work is as important as anything they will do in later years. The success or failure of a person's life depends very much on the way their school days are spent. To succeed they must —

“Keep striving ! the winners are those who have striven  
 And fought for the prize that no idler has won ;  
 To the hands of the steadfast alone it is given,  
 And before it is gained there is work to be done.”

When parents realize that personal inspection is better than written reports, that every-day work is better than prepared public exercises, by which to judge the merits of their schools, then we shall expect to have more every-day visitors and better every-day lessons.
